M+A Matting • Satisfaction Guaranteed

M+A mats are where design and function come together, where quality isn’t compromised to meet a price point, and where solutions to your maintenance and décor problems come first. We promise our customers an unconditional, 100% satisfaction guarantee for the life of the product.

At M+A, we are committed to reducing our environmental impact. We are continually improving our environmental performance as an integral and fundamental part of our business strategy and operating methods. We have reduced waste going to landfills by 80% and recycle most paper, metal, cardboard, plastic, carpet, and rubber waste we generate. Our commitment is also evident in our development of dozens of mat styles that contain recycled raw materials.

For over five decades, M+A Matting has been America’s leader in innovative floor protection systems, industrial safety, anti-fatigue products, and high performance entrance matting. If you are looking for better ways to minimize maintenance, prolong floor surface life, reduce cleaning costs, improve safety, or increase worker comfort, ask for M+A Matting.

<table>
<thead>
<tr>
<th>Symbol</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td><img src="image" alt="" /></td>
<td><strong>Scraper</strong>&lt;br&gt;Scraper mats are heavy-duty mats designed to stop mud and larger particles of dirt from being tracked inside buildings.</td>
</tr>
<tr>
<td><img src="image" alt="" /></td>
<td><strong>Scraper/Wiper</strong>&lt;br&gt;Scraper/Wiper mats provide scraping action and wiping to further stop dirt and moisture from entering a facility. These mats are typically made of tough heavy-duty commercial fabrics. They retain dust in recessed grooves while absorbing moisture in the fabric surface.</td>
</tr>
<tr>
<td><img src="image" alt="" /></td>
<td><strong>Carpeted (Wiper)</strong>&lt;br&gt;Wiper mats are designed to stop any remaining dust and moisture. These mats are made with a variety of carpeted surfaces and colors to compliment a wide range of interiors.</td>
</tr>
<tr>
<td><img src="image" alt="" /></td>
<td><strong>Anti-Fatigue</strong>&lt;br&gt;Ergonomic mats and floor tiles reduce fatigue by up to 50%. Anti-fatigue mats help increase blood circulation and reduce pressure on the body’s musculoskeletal system. They also reduce foot arch pronation, varicose veins, and pain commonly attributed to standing for long periods of time.</td>
</tr>
<tr>
<td><img src="image" alt="" /></td>
<td><strong>Anti-Slip</strong>&lt;br&gt;Uniquely designed texturized surfaces prevent slip and fall accidents. Heavy-duty rubber keeps the mats in place and prevents movement on a variety of surfaces.</td>
</tr>
<tr>
<td><img src="image" alt="" /></td>
<td><strong>Damp Areas</strong>&lt;br&gt;May be used in areas where moisture is present.</td>
</tr>
<tr>
<td><img src="image" alt="" /></td>
<td><strong>Wet Areas</strong>&lt;br&gt;Recommended for use in wet areas. While other mats may be suitable for use in wet areas, mats with the wet icon are the best choice for wet areas. These mats are designed to provide traction even in very wet conditions.</td>
</tr>
<tr>
<td><img src="image" alt="" /></td>
<td><strong>Anti-Microbial</strong>&lt;br&gt;Matting permanently treated with an anti-microbial agent that guards against degradation from micro-organisms and minimizes mats being a source of odors.</td>

Preventative Maintenance

Mats are the first defense to stop dirt and moisture from entering your building. Mats filter these contaminants from entering the facility, saving thousands of dollars a year in cleaning costs. Mats also protect interior floor surfaces from excessive damage and wear. Entrance mats are the most effective way of stopping dirt and moisture at the door and keeping building maintenance costs to a minimum.

Consider These Facts...

- 70% to 80% of dust, grime, and dirt in a building is tracked in from the outside on people’s feet—permanently damaging floors.
- One square yard of carpet can accumulate one pound of dirt a week—twice that in inclement weather.
- It is estimated that the cost to find and remove a single pound of dirt from a building can run in excess of $600 in cleaning costs. As few as 150 people entering a facility can track in one pound of dirt in a 5 day work week costing over $30,000 dollars annually to remove.
- By utilizing high performance entrance matting of at least 15’ to 18’ (as recommend by the U.S. Green Building Council and the Carpet and Rug Institute) you can capture as much as 85% to 95% of contaminants that enter the building, saving maintenance dollars and protecting building assets.

Safety and Ergonomics

Mats are used throughout facilities in numerous other capacities where safety is a must and anti-fatigue comfort is essential to the health and well being of employees.

- Slip and falls are the second leading cause of all workplace injuries according to Liberty Mutual Workplace Index. As many as 25,000 people a day are victims of slip and fall accidents (NSC).
- Compensation and medical costs associated with employee slip-and-fall accidents total approximately $70 billion annually (NSC).
- The average cost of a slip-and-fall injury exceeds $12,000 (Wausau Insurance).
- The average cost to defend a slip-and-fall lawsuit is $50,000 (NFIS).
- Back injuries account for 25% of all worker compensation claims annually.
- Cumulative Standing Trauma (CST) causes billions of dollars of loss annually due to reduced productivity, increased worker compensation, higher insurance rates and absenteeism.
- According to the American College of Occupational and Environmental Science, about 38% of workers in the United States suffer from fatigue.

Scraper Mats
The First Line of Defense

Scraper mats are designed for placement outside to stop mud and large debris from entering your building. These mats provide aggressive scraping action to remove dirt and debris from shoes and trap it in recessed areas.

WaterHog (Scraper/Wiper) Mats
The Second Step to Keeping Floors Clean & Dry

WaterHog mats feature a unique bi-level design that scrapes dirt and wipes moisture from shoes. These mats are made with durable fibers that quickly dissipate water, while dirt and debris fall to the bottom of the mat, beneath shoe level, to prevent tracking. WaterHog mats are typically used inside, but they may be used outside as well.

Carpeted (Wiper) Mats
The Third Step Against Dirt & Moisture

As entrance mats, carpeted mats are designed to remove any remaining dirt and moisture from shoes. They also provide excellent dust control. Carpet is made in a variety of materials and colors to suite a variety of needs and blend with virtually any décor. Carpeted mats are designed for indoor use. When used in conjunction with a scraper mat and WaterHog mat, they can stop as much as 85% to 95% of dirt from entering a building.
# the right mat for every job.

## Logo Mats
**Promote Your Brand**

Logos, messages, and artwork add a professional look to any entrance or lobby, in addition to the cleanliness and safety benefits the mat itself provides. M+A can add your logo or custom artwork to mats of all types.

## Flow-Through Mats
**Wet Area Solutions**

Flow-through mats are designed for wet environments. The surface offers extra traction while the holes allow liquid to pass through to help eliminate slipping hazards. Flow-through mats also provide excellent anti-fatigue benefits for workers who stand for long periods of time.

## Anti-Fatigue Mats
**Provide Comfort & Safety**

Standing for long periods of time restricts blood flow to the lower extremities, causing soreness and fatigue. Anti-fatigue mats provide support to muscles in the lower legs and back and promote subtle movement in the leg and calf muscles which results in increased blood and oxygen flow. Anti-fatigue mats are available in a wide array of thicknesses and materials to suite a variety of workspaces and environments.

## Slip-Resistant Mats
**Protect Against Slips and Falls**

With slip-and-fall accidents comprising the majority of worker’s compensation claims and a large share of unintended injuries in general, it’s more important than ever to ensure that surfaces are as slip resistant as possible. Slip-resistant mats are an ideal solution for providing traction in slippery areas.

**FLEX TIP™**
Scaper · Slip-Resistant

5/8” Product No. 874

- **Clean** - 2,000 finger-like tips per square foot effectively remove dirt while deep wells hold it to minimize tracking
- **Safe** - OSHA-compliant beveled edges ensure a safe transition from floor to mat
- **Comfortable** - Finger-like tips provide excellent anti-fatigue qualities
- **Easy to Clean** - Flexible design ensures easy handling and cleaning (shake off soil and hose off)
- 5/8” thick natural rubber construction makes this a substantial mat that is unlikely to move, even with heavy winds

BRUSH HOG™
Scraper • Slip-Resistant

Brown  Burgundy  Charcoal  Green  Navy
Since its introduction in 1986, the WaterHog has become American’s best-selling mat. Renowned for its bi-level design and water dam border, it’s highly effective at stopping dirt and moisture, keeping floors clean and dry.

The WaterHog product line has grown substantially over the last three decades to include a wide array of patterns, colors, and sizes. With so many options and a unique nomenclature, selecting a WaterHog mat can seem challenging at first, but these steps are designed to simplify the selection process.

1. Pick Your Fabric Weight

WaterHog®

Both the 24-ounce WaterHog and 30-ounce WaterHog® Eco product lines are made with PET, an eco-friendly polyester made from 100% post-consumer recycled plastic bottles.

24-ounce PET

WaterHog® Eco

30-ounce PET

2. Pick Your Pattern and Color

The WaterHog (24-ounce) line comes in three designs with 19 color options. The WaterHog Eco (30-ounce) line comes in four designs with 8 color options.
3. Pick Your Border

- **Classic Rubber Border**
- **Fashion Fabric Border**

4. Pick Your Backing

All WaterHog mats are backed with rubber. The standard backing is a 78-mil SBR (styrene-butadiene rubber) with either a smooth surface for placement on smooth/hard floors (like marble, tile, or wood) or with a universal cleated surface for placement on carpeted floors. Select WaterHog mats with a classic border are available with Anchor Safe® backing, a 100-mil nitrile backing with heavy cleats to ensure the mats stays in place, even with heavy traffic.

- **Smooth Backing**
  - 78-mil SBR
  - Recommended for hard floor surfaces

- **Universal Cleated Backing**
  - 78-mil SBR
  - Recommended for carpeted floors

- **Anchor Safe® Backing**
  - 100-mil nitrile
  - Recommended for hard floor surfaces with heavy traffic or cart use

5. Add Some Optional “Grandeur”

If you’re interested in adding a little grandeur to your entrance matting, you may want to consider a WaterHog Grand or WaterHog Eco Grand mat. The luxurious rounded mats can be placed at either or both ends of:

- WaterHog Diamond
- WaterHog Legacy
- WaterHog Eco Elite
- WaterHog Eco Legacy
- WaterHog Eco Premier

- Half Oval
- One End
- Two Ends
**WATERHOG® DRAINABLE**

3/8” Product No. 250

- **Clean & Dry** – Bi-level surface effectively scrapes dirt and moisture from shoes, trapping it beneath shoe level to prevent tracking; water dam border holds moisture keeping it off your floors (WaterHog mats can hold up to 1.5 gallons of water per square yard)
- **Durable** – Reinforced rubber nubs prevent pile from crushing and extend the performance life of the mat
- **Fade & Stain Resistant** – Solution-dyed fabric is resistant to staining, dries quickly, and will not fade or rot
- **Safe** – Beveled edges provide a safe transition from floor to mat; certified high-traction by the National Floor Safety Institute (NFSI)
- **Eco-Friendly** – Rubber backing contains 20% post-consumer recycled rubber from car tires; PET surface fabric is made from 100% post-consumer recycled plastic bottles
- Available in 19 colors with choice of classic rubber border or fashion fabric border
- Feature 78-mil SBR rubber with universal cleated backing or smooth backing; available with optional Anchor Safe® nitrile rubber backing on classic border mat only

**SIZES**

- 18” x 27’
- 2’ x 3’
- 3’ x 4’
- 3’ x 5’
- 3’ x 8’
- 3’ x 10’
- 3’ x 12’
- 3’ x 16’
- 3’ x 20’
- 4’ x 6’
- 4’ x 8’
- 4’ x 10’
- 4’ x 12’
- 4’ x 16’
- 4’ x 20’
- 6’ x 8’
- 6’ x 12’
- 6’ x 16’
- 6’ x 20’

See price list for additional size options. Mats up to 40’ are available with universal cleated or smooth backing. Mats over 40’ are only available with smooth backing. Anchor Safe backing is available upon request on mats up to 20’. Anchor Safe backing features 100 mil nitrile rubber and is a 30% upcharge. Sizes are approximate.

*These colors are ONLY available in 3’ and 4’ widths.

www.mamatting.com
BERBER ROLL GOODS
Carpeted (Wiper) - Slip-Resistant

• Durable - Heavy 52-ounce solution-dyed fabric is stain resistant and has excellent light fastness; tough enough for outdoor use
• Customizable - In addition to being available in custom sizes, this product can be made with your custom logo inlayed (no setup fees)
• Safe - High-performance rubber backing helps hold the mat in place to minimize slipping hazards
• Attractive - Loop pile “berber” construction features a hobnail design for an upscale look
• Easy to Clean - Polypropylene fabric is naturally resistant to staining and fading 3/8” thick and available in 17 colors to match any décor
• Designed to be installed like carpeting or loose-laid like a mat; available with singed borders or vinyl nosing (sold separately)

WATERHOG® LOW PROFILE
Scraper/Wiper - Slip-Resistant

1/4” Product No. 251

• Clean & Dry – Bi-level surface effectively scrapes dirt and moisture from shoes, trapping it beneath shoe level to prevent tracking
• Durable – Reinforced rubber nubs prevent pile from crushing and extend the performance life of the mat
• Fade & Stain Resistant – Solution-dyed fabric is resistant to staining, dries quickly, and will not fade or rot
• Safe – Low-profile borders help reduce potential tripping hazards; certified high-traction by the National Floor Safety Institute (NFSI)
• Available in 3 neutral colors to blend with virtually any décor
• Feature Anchor Safe® backing (made from durable 100-mil nitrile rubber) designed to keep mats in place

M+A Matting offers numerous types of logo mats.
Each of these logo mat processes result in high quality products your customers will be very proud to use. Pricing is calculated by each individual design number and quantity. Different size logo mats and standard mats may not be combined for quantity discount.

Ordering Logo Mats is as easy as 1-2-3:
1) Visit www.mamatting.com to submit your logo file using our easy to use web page.
2) Select Submit Design from My Account menu and log into your account.
3) Complete the necessary information on the submit page, attach your logo file and then click on “Send your design”. Artwork should be 300 dpi or greater.

Your proof will be emailed back to you within 24 business hours. Once your proof arrives by email, please take the following simple steps:
1) Approve or make necessary changes to the proof:
2) Return the art proof with any changes or approved art proof with purchase order and quantity of mats to artwork5@mamatting.com.

Create your own proofs with M+A Matting Mobile App!
Visit your app store and search “M+A Matting” to download app.

M+A MATTING MOBILE APP
M+A Matting mobile app provides an easy way for users to search and view existing mat designs as well as create proofs using simple tools. Each user will be able to:
• Create proofs using the mobile device camera or by loading an image from their library
• Have access to a personal dashboard that saves all current and former artwork submissions associated with their account
• Get instant artwork approval using e-signature feature
• Track orders of designs that were created via the mobile app
• Filter search results by product category, size or mat orientation

M+A Matting’s user friendly app is compatible with any mobile device. Below is a condensed list of compatible devices:
• Android
• Android tablets
• iPhone*
• iPad*
• iPod Touch*

*all Apple products require iOS 6.0 or later
**COLORSTAR® IMPRESSIONS**

The Benefits of ANTI-FATIGUE MATS

Anti-Fatigue mats alleviate stress to the back and legs by providing a cushioned surface to stand on.

Anti-Fatigue mats are perfect for people who have to stand or work in the same place for continual periods of time.

Anti-Fatigue mats are recommended for a wide variety of industries and are commonly placed in various applications such as:

- Production or assembly lines
- Stand Up Desks or Workstations
- Kitchens
- Cashier Desks
- Laboratories and many more

M+A Matting Anti-Fatigue mats have been shown to do the following:

- REDUCE ENERGY CONSUMPTION BY UP TO 50% in the supporting muscles such as those in the leg and the lower back, when compared to standing on a hard floor
- REDUCE FATIGUE by promoting subtle movement in the leg and calf muscles, resulting in increased blood and oxygen flow

Safety and Ergonomics

Mats are used throughout facilities in numerous other capacities where safety is a must and anti-fatigue comfort is essential to the health and well being of employees.

- Slip and falls are the second leading cause of all workplace injuries according to Liberty Mutual Workplace Index. As many as 25,000 people a day are victims of slip and fall accidents (NSC)
- Compensation and medical costs associated with employee slip-and-fall accidents total approximately $70 billion annually (NSC)
- The average cost of a slip and fall injury exceeds $12,000 (Wausau Insurance)
- The average cost to defend a slip-and-fall lawsuit is $50,000 (NFSI)
- Back injuries account for 25% of all worker compensation claims annually
- Cumulative Standing Trauma (CST) causes billions of dollars of loss annually due to reduced productivity, increased worker compensation, higher insurance rates, and absenteeism
- According to the American College of Occupational and Environmental Science, about 38% of workers in the United States suffer from fatigue

Testing shows that ergonomic matting can reduce worker fatigue.

- **Comfortable** - 5/8” nitrile-blended cushion provides excellent anti-fatigue properties and alleviates pain from extended standing.
- **Safe** - Beveled edges provide a seamless transition from floor to mat; edges will not crack or curl.
- **Stain-Resistant** - Recycled PET fabric is eco-friendly and resistant to staining; designer top is resistant to staining.
- **Available in 3 surface types** - an environmentally-friendly PET fabric top (made from recycled plastic bottles), a polyester designer top, or a rubber top for maximum durability. Rubber top is grease/oil resistant*; chemical resistant; welding safe; ESD rating of electrically conductive; anti-microbially treated for lifetime protection from odors.

*The 100% nitrile rubber surface of GetFit StandUp (rubber top) is grease/oil proof while the nitrile-blended cushion is grease/oil resistant.

- PVC foam with yellow border on two sides*
- **SIZES**
  - 2’ x 3’
  - 3’ x 12’
  - 3’ x 5’
  - 3’ x 60’

Additional lengths up to 60’. See price list for all additional sizes. Sizes are approximate.

### Sure Tread V-Groove

**1/8” Product No. 505**

- Solid vinyl
- Chemical resistant
- Provides protection for all types of floors from abuse due to chairs, tables and foot traffic
- Great for walkways, inclines and ramps
- Can be rolled for easy storage
- **SIZES**
  - 3’ x 105’
  - 4’ x 105’

Additional lengths available. Sizes are approximate.
SURE STRIDE®
Slip-Resistant

3/32" Sure Stride  Product No. 4450
Cutting Board    Product No. 4459
Cutting Knife    Product No. 4460

- **Keeps Floors Dry** - Retains up to 1 gallon of water per 10 linear feet; moisture barrier keeps liquids from soaking through to the floor
- **Stays in Place** - Adhesive backing keeps mat flat and in place, even with heavy cart and buggy traffic
- **Safe** - Certified high-traction by the National Floor Safety Institute (NFSI)
- **Odor Resistant** - Anti-microbially treated for protection from odors
- **Dries Quickly** - Mat dissipates water quickly for fast drying time
- **Easy to Install** - Cut individual mats from the roll as needed
- **Hassle Free** - Can be left in place during daily cleaning; floor scrubbers, vacuums, and mops will pass right over without causing damage
- **Will perform for up to 4 months under normal use.**

**SIZE**
- 2’ x 25’ roll
- 3’ x 100’ roll

SURE STRIDE® PLUSH
Slip-Resistant · Carpeted (Wiper)

3/16” Product No. 4457

- Keeps Floors Dry - Retains more than a gallon of water per 10 linear feet; moisture barrier keeps liquids from soaking through to the floor
- Stays in Place - Tacki-Back™ adhesive keeps mat flat and in place, even with heavy cart and buggy traffic
- Safe - Certified high-traction by the National Floor Safety Institute (NFSI)
- Odor Resistant - Anti-microbially treated for protection from odors
- Dries Quickly - Eco-friendly PET fabric dissipates water quickly for fast drying time
- Easy to Install - Cut individual mats from the roll as needed
- Hassle Free - Can be left in place during daily cleaning; floor scrubbers, vacuums, and mops will pass right over without causing damage
- Will perform up to 4 months under normal use.

SPECIALTY MATS

Clean Stride®
CleanShield® Urinal and Commode
WaterHog® Forklift
WaterHog® Eco Elevator
Grease Hog
Melt Step®
The Clean Stride adhesive insert is comprised of 60 layers of adhesive coated film. Each layer will perform many times before it must be peeled away. Each layer is numbered to ensure one sheet at a time removal and to indicate the number of layers remaining.

- **Clean & Dry** - Raised nubs on the WaterHog mat remove dirt and moisture from shoes and trap it below foot level while the adhesive insert removes any remaining dirt or dust particles.
- **Not recommended for wet areas**

### RUBBER FRAME SIZES
- 26.5" x 32"
- 36.5" x 46"

### CARPET/ RUBBER FRAME SIZES
- 26.5" x 63.5"
- 36.5" x 92.5"

Clean Stride Mat Frames do not include Clean Stride Inserts

### INSERT SIZES
- 24" x 30"
- 34" x 44"
CLEANSHIELD®
URINAL & COMMODE MATS
with Seep Guard Tacki Back

Urinal No. 4065
Commode No. 4055

- Effective – Seep-Guard barrier eliminates urine seepage while the Tacki-Back adhesive keeps the mat in place; anti-microbially treated for lifetime odor protection
- Eco-Friendly – PET fabric is made from 100% post-consumer recycled plastic bottles
- Attractive – Surface features an attractive diamond design
- Safe – Certified high-traction by the National Floor Safety Institute (NFSI)
- Easy-to-read 30-day Timestrip® indicates when it is time to replace the mat (step on/push to initially activate)

SIZES
17.25” x 20.5”
21.75” x 22.75”

**WATERHOG® FORKLIFT**

Scaper/Wiper · Slip-Resistant

Durable – Reinforced rubber nubs, backing, and fabric top are designed to withstand forklift traffic up to 14,000 pounds

Clean and Dry – Bi-level surface removes dirt and moisture from wheels and trap it to minimize tracking; water dam border holds up to 1.5 gallons of water per square yard, keeping your floors clean, dry, and safe

Easy to Install – Modular mats are easy to install and scalable for large applications; aggressive adhesive taping system (sold separately) keeps tiles from moving

Available in 6 colors with 100 mil smooth SBR backing

3/8” Product No. 1253

3” x 108’ Roll Double Sided Tape Product No. 1049

**SIZES**

4’ x 6’

Sizes are approximate.

**WATERHOG® ECO ELEVATOR**

Scaper/Wiper · Slip-Resistant

Clean & Dry – Raised nubs remove dirt, sand, and moisture from shoes and trap it below foot level; water dam border holds up to 1.5 gallons of water per square yard, keeping your floors clean, dry, and safe

Noise-Reducing – Durable rubber border allows for easy, quiet transition of carts and luggage

Eco-Friendly – PET fabric is made from 100% post-consumer recycled plastic from drink bottles, and SBR rubber backing contains 20% recycled rubber from car tires

Safe – Beveled edges provide a safe transition from floor to mat

Durable – Reinforced rubber nubs prevent pile from crushing and extend the performance life of the mat; solution-dyed PET fabric is resistant to staining, dries quickly, and will not fade or rot

Easy to Install – Available in four sizes to fit most standard elevators

Available in 8 colors with a classic rubber border

3/8” Product No. 2298

79” x 56”

79” x 65”

Sizes are approximate.
**Grease Hog**

Scraper/Wiper - Slip-Resistant

1/4”  Product No. 883

- **Clean** - Permanently-molded bi-level surface scrapes grease and dirt from shoes, trapping it beneath show level to prevent tracking
- **Durable** - Reinforced rubber nubs prevent pile from crushing; solution-dyed fabric will not fade or rot; nitrile rubber backing is grease-proof to withstand harsh environments
- **Safe** - Low profile construction ensures easy clearance in doorways; reinforced rubber borders ensure mat will lie flat and edges will not crack and curl
- **Low Maintenance** - Easy to clean and dries quickly

**Sizes**

3’ x 5’
3’ x 10’

Sizes are approximate.

**Melt Step®**

Slip-Resistant

3/8” One Connector  Product No. 886
3/8” Two Connector  Product No. 887
Accessories  Product No. 889

- **Effective** – Mat will heat to approximately 40-45°F above ambient air temperature
- **Safe** – Waterproof electrical connection system with GFCI switch prevents electrical shock hazard; certified high-traction by the National Floor Safety Institute (NFSI)
- **Durable** – Molded nitrile rubber construction is waterproof, UV-resistant, and flexible even in freezing temperatures
- **Scalable** – Up to 4 mats can be connected in sequence to cover up to 20 linear feet of walkway
- **All Melt Step mats are 3’ x 5’ with choice of one connector or two connectors; unique reversible design of the mat permits electrical connection on the right or left side of the walkway
- **6’ power cord (120 volts) with GFCI switch as well as 6’ extension cord are both sold separately**

**Accessories**

Melt Step 6’ extension cord  Product No. 885
Melt Step 6’ cord + GFCI  Product No. 884
M+A Matting is dedicated to environmental stewardship and strives to create a culture of conservation as a manufacturer and global supplier. We have funded and will continue to fund the research and development (R&D) of matting designed to keep facilities safe, clean, and comfortable.

As a leading manufacturer of matting, M+A has established R&D priorities intended to create sustainable products made from recycled materials whenever possible, and continually evaluates operational procedures looking for opportunities to implement practices that conserve resources and minimize waste.

Conservation Through Innovation

- Our SBR rubber compound contains 20% recycled rubber from car tires.
- Several of our mats are made with PET (polyethylene terephthalate), a synthetic fiber made from post-consumer recycled plastic bottles.
  - Our 27-ounce PET yarn contains 50% recycled content.
  - Our 30-ounce PET fiber contains 100% recycled content; in 2018, M+A transformed more than 298 million plastic bottles (that might have otherwise ended up in a landfill or ocean) into WaterHog Eco mats.
- In 2018-19, we transitioned our 24-ounce polypropylene to a 24-ounce PET fiber with 100% recycled content. Both the original WaterHog line of mats and the WaterHog Eco line of mats are now made with 100% recycled PET.
About M+A Matting

The M+A name represents two powerful brands – Mountville and Andersen – with nearly a century of combined experience developing and manufacturing mats designed to make environments safer, cleaner, and more comfortable.

A Brief History

In 1963, the late Emmet Hart, with his wife Nancy by his side, established Mountville Mills. A little over a decade later, in 1974, the late Walter Andersen established The Andersen Company. Throughout the years, the companies drove innovations in their respective markets; Mountville in the textile rental market, and Andersen in the janitorial/sanitary supply markets. Driven by quality, innovation, and customer service, they paved the way for future generations of Harts and Andersens to expand the business. In 1999, these flagship brands joined forces to become the largest mat manufacturer in the world, and in 2018 we made the union official with a name change to M+A Matting.

For decades, we’ve been a symbol of quality and customer service. We’re the driving force in the mat industry, developing the next generation of mats designed to provide superior safety, cleanliness, and comfort to workers and customers across the world. Whether you need entrance matting, logo matting, or anti-fatigue matting, M+A has you covered.

There are three principles that guide every action we take, every decision we make, and every mat we produce:

- Do the right thing.
- Do what is best for the customer.
- Drive improvements and innovation.

It is these core values that drive us to provide our customers with high-performance, high-quality matting and unparalleled customer satisfaction.
