

Comfort Flow™

This 3/8" flow-through anti-fatigue mat is ideal for use in commercial and industrial settings where grease and oil may be present.

2' x 3' (28706091)
3' x 5' (28706398)

3' x 9' (28707032)
4' x 6' (28706331)

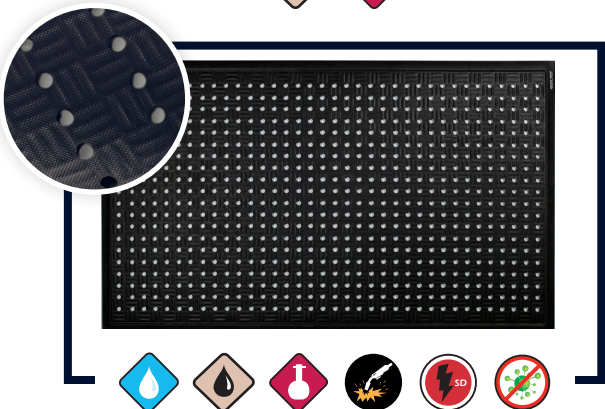

Cushion Max™

This 5/8" anti-fatigue mat features nitrile/PVC-blended foam designed to withstand grease, oil, and chemicals, making it a more durable and longer-lasting alternative to solid PVC mats.

2' x 3' (28706661)
3' x 5' (28707073)

Additional sizes are available and usually ship in 3-5 days.

Cushion Station™ with holes

This 7/16" drainable anti-fatigue mat is constructed with nitrile rubber foam. It's designed to withstand grease, oil, and chemicals, and it's anti-microbially treated to resist odors and degradation. It is ideal for food processing and healthcare environments.

2' x 3.2' (28707719)

Larger sizes are available and usually ship in 3-5 days.

Hog Heaven®

Available in both 5/8" and 7/8", this anti-fatigue mat's ability to perform in a variety of indoor environments (from sensitive to harsh) makes it a "go-to" solution for indoor commercial and industrial settings where slag, grease and oil, or chemicals are present.

5/8" x 2' x 3' (28707404) 7/8" x 2' x 3' (28706034)
5/8" x 3' x 5' (28705897) 7/8" x 3' x 5' (28707669)

Additional standard and custom sizes are available and usually ship in 3-5 days.

Please note that for items to ship same-day or next-day, your order must contain only express items. Including other items in your order could delay shipping of your order until production of your other items is complete. If you need to order express items and other items, we recommend placing two separate orders to ensure quick turnaround on your express items. Visit www.mamating.com/stocked for the most up-to-date list of stocked mats.
